EmpowerED: Schemes for the network.

CLYDE&CO

Bright Futures - Black Talent Programme

The Bright Futures - Black Talent Programme is a unique opportunity to gain insight into the legal profession, build essential skills and network with industry experts, ensuring a smooth transition into the world of law. The programme is aimed at first year law students, or penultimate-year non-law students, from Black Heritage backgrounds.

Forever Africa Conference & Events - a message from Foluke Adebisi

FACE 2018
We are forever Africa

"I created the Forever Africa Conference and Events (FACE) to assist racially Black students in transitioning to postgraduate and academic pursuits. As we plan for FACE 2024, featuring a student research event in April, I welcome your involvement. Whether expressing interest, sharing ideas, or aiding in planning, your contribution is valued. Despite its focus on students, I aim to keep any involvement on your part manageable. I will be in contact further in the new year"

Forever Africa Conference and Events (FACE) is a Pan-African initiative fostering cooperation and positive change. It aims to build solidarity among African and African-descended members in Higher Education Institutions. Supported by a dedicated student volunteer group and an International Advisory Committee, FACE focuses on interdisciplinary dialogue. Explore their vision and past events on their website. Stay tuned for updates on FACE 2023 and exciting plans, including a Cape Town to Cairo Road Trip..
