Reshaping Curricula: Dialogues in Decolonization

## Diving into diversity: A Quiz that unveiled the Richness of Africa, Beyond Black History Month.

On Tuesday, the Global Lounge, in partnership with the Black student's network, held an African themed quiz night, as part of their Beyond Black History month, equalities initiative. A fun-filled Kahoot quiz that challenged teams to name African countries on a world map, earning points for every 5 correct answers. The quiz further covered other parts of general knowledge, encompassing true or false, and state/capital questions, with varying difficulty levels for extra points. Teams, Jamac and the Plantainers, battled it out, and the Plantainers emerged victorious with a 3-point lead.

See page 3 for more pictures of the quiz night on BSN Polaroids.

### Supporting ACS x GALENCIALS Blood Drive for Sickle Cell

#### FINAL DAY

In collaboration with ACS Give Blood, Bristol African Caribbean Society and WeAreDonors Bristol, the Galencials are delivering a blood drive for Sickle Cell disease.

Blood transfusions, using donor blood, is a major way patients with Sickle Cell receive treatment, particularly when receiving blood from those from similar ethnic backgrounds (Black and/or black heritage).

#### Blood drive

1st - 8th December, 2023

# A minority within a minority

## *learning sign language*

Yesterday, the Black Student's Network, in collaboration with Bristol Sign Society, hosted an event that taught community members the ins and outs of sign language, specifically BSL, ASL. Through games and other visual aids, the networks were able to teach the foundations of the languages (the alphabet, introductory phrases etc) as well as some of the experiences and necessary adjustments that are made for those that are impaired of hearing in the Black Community. Videos of the event will be out on other social platforms.
