Our Values

It's not just what we do that matters, it's how we do it. We will reflect what is most important to our students:

We are loud and proud about **equality, diversity and inclusion**. We are a Union for all students.

We want our students to thrive, so we support the **wellbeing** of our students through the services that we offer and the campaigns that we run.

We believe **community** matters; we create a sense of belonging across the student body through out student groups, networks, events and spaces.

Sustainability underpins all that we do; we want our Union, our University and our planet, to be here for the long term.
